

Create Your Own Power Phrase!

Lynnette Mawhinney's **Lulu the One and Only** teaches children to be themselves, and communicate WHO they are, not what they are. Everyone's family is beautiful and unique, and this activity will help children identify and stand up for themselves. Create your own power phrase and share it with the world!

1

What power phrase could you create that would help others to go beyond what you look like to learn who you are?

2

Create a colorful poster sharing your power phrase, and practice saying it to the people you trust!

Hang up your poster and let everyone know who you are.

3

Share your power phrase with us at @maginationpress and @glsen on social media!
